

I Strongly oppose this petition

I Urge the FCC to reject this petition.

I Am a VE and do not agree with NCVEC. Our local group of VE testers does not agree with the NCVEC. It is no problem at all to administer the Morse Code test.

Morse Code should be retained as a requirement for earning an Amateur Radio License that allows HF Operation.

Morse Code is very easy to learn.

Morse Code is a universal language that allows Amateur Radio Operators of all nationalities and languages to communicate with each other without problems.
